Illinois State Council

Council Right to Life Chaircouple Form

During the 2000-2001 Fraternal Year, the Illinois State Council put into place a Pro-Life Educational/Legislative Alert program utilizing the internet and phone tree systems. During 2003, the Supreme Council announced the Culture of Life/Legislative Initiative program to foster a closer relationship between our membership and their elected representatives. In order for this program to function in a timely manner, each Council is required to have a Right to Life Chaircouple (preferred) or Chairman. Since much of the information received is time sensitive, they will need an E-mail address and/or a Fax number. Some knowledge of the Pro-Life movement is desirable. The major points to cover are:

- Distribute Alerts as quickly as possible.
- Report to the Council on major educational issues.
- Develop a close working relationship between the Church and Council wherever possible.
- Cooperate with the Diocesan Respect Life Office programs.

Council Name: _____ Council #: _____ Diocese: _____

Pro-Life Chaircouple/Chairman:

Name: _____

Address: _____

_____ Phone # _____

E-mail Address: _____ and/or fax: _____
